

## **Bale (Valle) village – south Istria**

### **VOLUNTEERS**

We are offering a housing for the volunteers in a weekend-cottage ( 4 beds, a wood-stove in winter), tents (unlimited number), a kitchen for the use of all. Concerning the food:

- a) on their own, but we are offering workshops (which they choose) for nothing
- b) in a case if we have a sponsor – the food would be free

Using an outward WC, a rain-water for washing and spring-water for drinking

### **Activities:**

- repairing of a road and thick walls
- building eco-houses for visitors (tourists) and for the activities of the Center
- building of a stable
- reconstruction of the outward WC (2) and the kitchen for the use of all
- forming new gardens
- digging holes for planting new fruit-trees
- work in a field of lavender and other seasoning and salubrious plants
- building of a fish-pond
- cleaning of a forest
- reconstruction of a kasun ( authentic little houses in a field, typical in Istria)

### **EKO ART CENTER EIA**

The point of our center is RETURNING TO THE NATURE, making an area of love in which we can be natural, spontaneous, creative and complete.

We live in a clean nature near magnificent forest, we are building eco houses, we also cultivate land in a harmony with the nature, we use a solar energy, collect the spring-water, we use wood for heating, we eat healthy food, we have various domestic animals and around us – there are wild animals (which we respect).

We occupy ourselves with the different activities such as: a course of lectures about photography, shaping, painting, massage, natural health, we have antistress programs with lots of laugh, relaxing, play, creativity. We have workshops in which we explore sounds, dance, communication with the nature and liberation of our hidden potentials.

A great attention is on relations between humans.

We have tours around most beautiful (not tourist) parts of Istria and in a neighbourhood of EIA center.

We organize shamanic dances and Indian sweat lodge and eco – art camps for the young people and adults also through the whole year.

We are renting Indian (and ordinary too) tents and weekend-cottage for the experience of living close to the nature. We have unlimited area for your tents. In a place called Bale we have apartments. In a bay there is a little house made of stone and wood for the experience of living like Robinson.

EIA center is positioned 10 km from the beautiful sea, 3 km from Bale, 10 km from Rovinj, 2 km from Pula, 10 km from The Bay of Lima. In a half way from Bale to Krmed ( direction Smoljaci, Savicenta). 300 m cross way for Krmed ( from a road Pula – The Bay of Lima) take on the right where the sign fo EIA is, and then 300 m through forest (to the end).
